Electronic Poster

# What is an E-poster

- **The E-poster** is a PPT presentation accessible on a computer station during the congress.
- The **computer stands** will be located at the exhibition area.
- **The E-poster** system provides a user friendly browsing engine available to all IHS conference attendees.
- **The E-poster** system allows you to search presentations by: Authors name and Abstract Title.
- **The E-poster** system allows you to save chosen presentation once on site either on your USB flash drive or you can send it by e-mail.

# How to prepare an E-poster?

- **Format:** Presentations should be in 16:9 ratio in portrait format slides.
- All E-posters must be **prepared** as a power point, **converted** into PDF and sent to the IHS conference secretariat.
- **No. of Slides:** Each E-poster presentation may include up to **6** PowerPoint slides.
- **Images:** You are welcome to include images and tables, however videos, animations and transitions should not be inserted into the E-poster.
- **Title:** The first page must include: Abstract title, Abstract authors (First name, Last name, Affiliation and Country). The details should be exactly the same as the submitted Abstract.
- **Contact Details:** Please include one author's email address within the presentation final slide.

# General Terms

- **Deadline:** The PDF should be submitted by mail to [secretariat@israelheart.com](mailto:secretariat@israelheart.com) no later than **March 24<sup>th</sup>, 2016**. Presentations sent after the deadline will not be included in the E-poster system.
- **Abstract Publishing:** The Abstract, as submitted before, will be published on the HIS conference materials.
- **Abstract Withdrawal:** Should you wish to withdraw your abstract and not present an E-poster at the conference please update the IHS Secretariat by **March 24<sup>th</sup>, 2016**.
